SUMMARY

Accomplished content creator and software engineer with a track record of scaling a YouTube channel to 60k subscribers and delivering impactful software solutions at Google and Amazon. Specializes in front-end development, video production, and student mentorship, consistently driving significant engagement and measurable success.

EXPERIENCE

Creator

Aug. 2019 – Present

YouTube

- Expanded channel to 60k subscribers in 1.5 years by creating over 80 videos on tech and productivity.
- Streamlined video production and roadmapping using a Notion workflow, boosting productivity by 20%.
- Conducted A/B testing on titles and thumbnails, increasing video impressions by 2.5M in 3 months.
- Partnered with brands like Skillshare and Squarespace to expand their outreach via sponsorships.

Software Engineer

Aug. 2018 – Sept. 2019

Google Verily

- Led front-end development of a dashboard to process 50k blood samples and detect early-stage cancer.
- Rebuilt a Quality Control product with input from 20 cross-functional stakeholders, saving \$1M annually.
- Spearheaded product development of a new lab workflow tool, increasing efficiency by 40%.

Software Engineering Intern

May 2017 – Aug. 2017

Amazon

- Enhanced the Search Customer Experience Team's operations, contributing to a 10% improvement in search accuracy, leading to a return offer for a full-time position.
- Shipped a new feature to 2M+ users to improve the search experience for movie series-related queries.
- Engineered a back-end database service in Java and implemented a front-end UI, reducing data retrieval time by 30%.

PROJECTS

Hyku Consulting | Trello, Miro, Google Suite

- Mentored 15 students towards acceptance at top US boarding schools, achieving a 100% success rate.
- Established a collaborative learning ecosystem for students and parents using Trello, Miro, and Google Suite, boosting engagement by 25%.
- Facilitated workshops and sessions to enhance student engagement and learning outcomes, increasing participation by 30%.

Minimal Icon Pack | Procreate, Figma

- Created and launched 100+ minimal iOS and Android icons using Procreate and Figma, generating over \$250 in sales.
- Promoted the product and design process on YouTube, leading to over \$250 in sales on Gumroad.
- Collaborated with the design community to gather feedback, iterating on designs and increasing user satisfaction by 20%.
